

Professional Summary

I build web applications and internal tools with Next.js, React and TypeScript, and automate IT workflows with Python and PowerShell. My work also includes application deployment, endpoint management and identity integrations.

Professional Experience

Refurbed Marketplace GmbH

IT Administrator

Vienna, Austria
Jul 2024 – Present

- Built Next.js/React internal applications and PowerShell/Python automation, with GitLab CI/CD deployments to Google Cloud Run.
- Built an internal Forgejo and Coolify hosting pilot and an optional online Git course, with AI tools and documentation for colleagues.
- Added PXE boot to device preparation alongside Microsoft Intune and Autopilot Device Preparation v2.
- Managed endpoints, networking and user support in a two-person IT team.

Self-employed

Freelance Web Developer

Vienna, Austria
Jan 2023 – Present

- Build Next.js, React and TypeScript applications, with responsive interfaces and reusable components.
- Handle SEO, Core Web Vitals and production CI/CD on Vercel and Coolify.

iC Consult GmbH

Associate IAM Consultant

Vienna, Austria
Apr 2023 – Dec 2023

- Worked on identity and access management development with One Identity Manager as part of customer project teams.
- Developed connectors, workflows and automation with PowerShell, Visual Basic and .NET.

Mazars IT Services GmbH

IT Consultant

Vienna, Austria
Mar 2022 – Mar 2023

- Deployed and managed firewalls and supported network infrastructure.
- Worked with Intune, Autopilot and Jamf Pro for device management.
- Provided first- and second-level support and documented solutions.

About Me

I build web applications, internal tools and automation alongside my work in IT administration.

Technologies

Frontend Development

Next.js · React · TypeScript · Tailwind CSS · Responsive Design · SEO

Backend & APIs

Node.js · Python · Flask · .NET · REST APIs · SQL · NoSQL

DevOps & Tools

Docker · Git · CI/CD · PowerShell · Google Cloud Run · Entra ID

IT Administration

Microsoft 365 · Intune · Windows Server · Linux · Active Directory · Networking

Languages

German – Native Speaker

English – Fluent (C1)

Italian – Intermediate (B1)

Hobbies

Photography · Mountain Biking · Ski Touring · Smart Home Automation

Selected Projects & Initiatives

Membership Organisation Platform

Tech: Next.js · TypeScript · i18n · SSO with Nextcloud

- Rebuilt the organisation’s online presence as a Next.js application with custom authentication and translation management
- Built an editor for members to review and correct machine translations
- Added Google OAuth, passwordless email sign-in and Nextcloud SSO

Refurbished Internal Automation Suite

Tech: Next.js · REST APIs · PowerShell · Python automation

- Automates device/user lifecycle steps and policy assignment, replacing manual checklists with one-click flows
- Used PowerShell and Python services with logging and failure handling

AI Pull-Request Reviewer

Tech: Python · OpenAI Responses API · SQLite · Forgejo

- Built an advisory code reviewer with structured findings validated against the reviewed diff, persistent jobs and duplicate prevention
- Tested authorization defects, clean refactors, misleading input, repeated events and recovery after restarts

AI Image Classification Web App (Bachelor Project)

Tech: TensorFlow.js · React · Custom ML model

- Built an image classification model and a data pipeline for the application
- Browser inference via TensorFlow.js; responsive, accessible UI

Education

TU Wien

Master’s in Software Engineering

Vienna, Austria

Jul 2026 – Present (Ongoing)

University of Applied Sciences Technikum Vienna

B.Sc. in Engineering, Smart Homes & Assistive Technologies

Vienna, Austria

Sep 2019 – Jun 2026

BSc

Vienna, 17.06.2026

The Rector

FH-Prof. Dr. Sylvia Geyer

Herr
Thomas Scheiber
Universumstrasse 50/28
1200 Wien

Wien, am 26. April 2023
CAME, 711

D I E N S T Z E U G N I S

Herr Thomas Scheiber, geboren am 22. Mai 1998, wohnhaft in 1200 Wien, Universumstrasse 50/28 war in der Zeit von 1. März 2022 bis 15. März 2023 in unserer Gesellschaft als IT Consultant beschäftigt.

Das Aufgabengebiet von Herrn Thomas Scheiber umfasste folgende Tätigkeiten:

- Betreuung unserer internen und externen Kunden und Kundinnen im Bereich der Planung sowie Implementierung, Administration, Wartung und Weiterentwicklung von Windows Server Systemen
- Laufender 1st und 2nd Level Support für Kunden und Kundinnen via Fernwartung sowie vor Ort
- Installation und Wartung von Systemen
- Beschaffung und Verwaltung von Softwarelizenzen
- Optimierung und Weiterentwicklung von bestehenden IT-Lösungen
- Mitarbeit bei IT- und Organisationsprojekten

Herr Thomas Scheiber hat die ihm übertragenen Aufgaben stets zu unserer vollsten Zufriedenheit erledigt. Sein persönliches Verhalten war stets vorbildlich, sodass er von Vorgesetzten sowie Kollegen und Kolleginnen sehr geschätzt wurde.

Herr Thomas Scheiber scheidet auf eigenen Wunsch aus unserem Unternehmen aus. Wir danken ihm für die stets sehr gute Zusammenarbeit und wünschen ihm für seinen weiteren Berufs- und Lebensweg weiterhin alles Gute.

Mit freundlichen Grüßen

Mazars IT Services GmbH

Certificate

AWS Cloud Solutions Architect

This program arms you with the skills you need to accelerate your career in cloud architecture and provides a pathway to earn the AWS Certified Solutions Architect – Associate certification. You'll deploy solutions, including infrastructure components such as networks, systems and applications services, and you'll gain real world experience through hands-on projects. Upon successful completion of this program, you will earn a certificate of completion to share with your professional network and potential employers. Please note that this program helps equip you with the skills you need to take the certification exam, but additional study and training may be required before taking the exam.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

has successfully completed the online, non-credit Professional
Certificate

Google IT Automation with Python

This six-course certificate, developed by Google, is designed to provide IT professionals with in-demand skills -- including Python, Git, and IT automation -- that can help them advance their careers. The hands-on curriculum is designed to teach learners how to write code in Python, with a special focus on how this applies to automating tasks in the world of IT support and systems administration. Those who received this certificate passed all graded assessments with a score of 80% of above. They should have a strong foundation in how to use Git and GitHub, troubleshoot and debug complex problems, and apply automation at scale by using configuration management and the Cloud in order to prepare them for more advanced IT Support Specialist or Junior Systems Administrator positions.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

THOMAS SCHEIBER

has successfully completed the online, non-credit Professional
Certificate

Google IT Support

Those who earn the Google IT Support Professional Certificate have completed five-courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for entry-level roles in IT support. They are competent in foundational skills, including troubleshooting and customer service, networking, operating systems, system administration, and security.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
